MEMORANDUM

Reference : 2024/OCE/JANUARY-01/1
To : All Staff and Students
From : Mr Michael Tiong
Chief Executive
Date : 26 January 2024
Subject : **Cooperative Participation in PADU System Data Update**

am writing to inform you about a significant initiative that requires the collaborative effort of both our staff and students.

The Malaysian government, in conjunction with the Ministry of Economy, is implementing the PADU system with the support of the Department of Statistics Malaysia (DOSM) and Malaysian Administrative Modernization and Management Planning Unit (MAMPU). The main goal of the PADU system is to enhance the efficiency of policy planning and resource distribution, particularly in the targeted allocation of subsidies and government aid to deserving individuals. This initiative aims to optimize limited resources for more productive socioeconomic programs and projects, providing maximum impact to the people. The system integrates data from various ministries, agencies, state governments, and local authorities.

In light of this national effort, it is crucial for all staff and students to actively participate by updating and providing accurate information into the PADU system. Your cooperation in this matter is pivotal to the success of the initiative and will ensure that government resources are directed efficiently.

Key Points:

- (i) Cooperation Required: All staff and students are kindly requested to cooperate in updating their information in the PADU system.
- (ii) Update Period: The update period is scheduled from January 2, 2024, to March 31, 2024.
- (iii) Access Information: To complete the data update, please use the following link: <https://padu.gov.my/>.

I sincerely urge each one of you to approach this task with diligence and complete the data update within the specified timeframe. Your active cooperation is vital in ensuring the success of this initiative.

Thank you for your immediate attention and collaborative spirit.
